

C O R E

Memorandum

February 10, 2009

Dear CORE Supporters and Neighbours:

Three pieces of updated information -

1. The proper email address for Philippe Junger is:

philippe.junger@eoelectric.com

Only one "l" in Philippe

2. We have now secured permission from the Ministry of Environment to have letters requesting elevations to the Director of the Environmental Approvals and Assessment Branch sent not only via Canada Post, but also as an email. That email is:

agatha.garcia-wright@ontario.ca

3. Many of you have reported difficulties in accessing the Eoelectric website, receiving a virus warning. Eoelectric is now aware of this issue and is correcting the situation. Using Internet Explorer as a web browser, you should be able to access the site:

www.eoelectric.com

4. For an excellent example of a Neighbour's submission, see the attached.
